Purchases: Your due date is at least 25 days after the close of each billing cycle. We will not charge you any interest on purchases, if you pay your entire balance by the due date each month. However, if a Cash Transaction is made during the same period/statement cycle, then the interest-free period for purchases ends immediately, and interest will accrue on all balances. Cash Transactions (includes convenience checks, cash advances and balance transfers): Interest Charges begin to accrue immediately for these transactions even if the balance is paid in full by the due date each month. Minimum Interest Charge will be no less than \$0.01. To learn more about factors to consider when applying for or using a credit card, visit the Consumer Financial Protection Bureau Purchases: Your due date is at least 25 days after the close of each billing cycle. How We Calculate Your Balance: We use a method called "Average Daily Balance" (including new purchases/transactions).

Your APR may vary. The APR will be effective and changed semi-annually, on the 1st of November and the 1st of May and is determined by adding the margin to the Prime Rate. The margin for Secured Classic Credit Cards is 10%, The margin for Classic Credit Cards which is based on your credit score, will be either 5%, 7%, 9%, 11%, 13%, The margin for Signature Credit Cards which is based on your credit score, will be either 6.45%, 8.45%, 10.45%, 12.45%, or 14.45% and the margin for Platinum Credit Cards, which is based on your credit score, will be either 6.45%, 8.45%, 10.45%, or 14.45% and will be disclosed to you upon approval.

The APR cannot exceed 18.00%. The Prime Rate for each change period is as published in The Wall Street Journal on the first business day of the calendar month immediately preceding the change date as previously described. For example; the Prime Rate published on the first business day of October plus the margin will determine the APR that will apply during the billing cycles that begin in November and will continue until the next semi-annual change. The Prime Rate published on the first business day of April plus the margin will determine the APR that will apply during the billing cycles that begin in May and will continue until the next semi-annual change. This offer may be withdrawn at any time but will not affect any transactions or balances processed prior to the date that this offer is withdrawn.
